*Protecting Children
from Internet Predators*

Bedford Public Schools

invites you to a

Michigan CSI Parent Seminar

(Internet safety presentation for adults)

Tuesday, November 8, 2011

7:00 pm

Bedford High School Auditorium

Have you heard?

Michigan CSI officially launched September 5, 2007 after a successful 8,500 student pilot in three school districts during the spring of 2007. Today, over 400 school districts have received student presentations accounting for over 500,000 students throughout Michigan – maybe even some of your own. Come see what the program is all about and learn how to protect yourself and your children from the dangers that lurk on the Internet.

Learn how to:

- Access the Michigan Sex Offender Registry – including how to sign up for email updates.
- Obtain reliable information on parental control software.

Plus instructions for using online tutorials on how to:

- Search and access your child's social networking sites (MySpace and Facebook).
- View Internet history logs to determine where your children have been online.
- Access and modify settings for safer surfing on Internet search engines (i.e., Yahoo! and Google).
